<sup>1</sup> **Monthly contribution:** Based on earning capacity or earning potential. It is not based on the size of the debts.  
<sup>2</sup> **Target contribution:** Based on the monthly contribution and the period you are expected to be in bankruptcy. Your total debt has not been finalised at the present time. Should the target contribution be greater than the total debt, you may be issued with a Certificate of Annulment after all fees, costs and debts are settled in full. If this should apply to you, we will advise you of this in the future. In the meantime, you are expected to pay the monthly contribution.
